

merlin

The game is simple yet challenging as players must stop the rotating lights onto designated targets to spell out "MAGIC" to gain the minor prize.

To win a higher value prize players must forfeit the minor prize and continue the game to the next level to spell "WIN".

Each level gets progressively faster and harder.

Players who win a prize enter their initials onto a winners board for all to see.

Bright friendly graphics and amusing sound effects.

FEATURES

- High quality metal Powder coated cabinet.
- Toughened safety glass.
- 4 major prize arms / 6 minor prize arms.
- Note acceptor ready.
- Full auditing facility.
- Multiple game adjustments...pricing, difficulty, time length.....etc.
- On heavy duty castors for moving around and levellers to fix in place.
- Upgradeable.

A fun game for all ages.
